Senior Class of 2015

LOGAN MENDEZ

inMYwords

"When I first thought about being class president I thought I'd just do it because it was a 'why not?' kind of thing. As the elections went on I found myself taking it more seriously. I soon learned that I wanted to be class president because it would mean I could do things to help my senior class and put a smile on not only my face but the faces of my peers. It got me more involved with the school and close to people that I never thought I would be close to. At times being class president can be stressful. Waking up early to go to meetings, trying to keep the class motivated to keep going and graduate, and trying to keep myself motivated as well. But at the end of the day its awesome being the president. The only perk I get is seeing the seniors having a smile on their face when we pass out our treats. When they laugh at the little activities we do, it makes me proud that I'm senior class president. I'm just a student with a title, therefore that doesn't separate me from the rest of the seniors, it brings me close to them. As class president I help organize activities like senior field day, movie day, late arrival (PSAT), mums, powder puff, things of that nature. With the help of my fellow officers, we sit down and discuss what we (Class of 2015) might like to do. Although it may be tough at times to get things approved, we try to get it done."
